**DALLAS CHASE DONATES \$20,000 TO
INDIAN STREAM HEALTH CENTER'S CAPITAL CAMPAIGN**

The Board of Directors of Indian Stream Health Center (ISHC) would like to celebrate and thank Dallas Chase for the generous donation of \$20,000 to ISHC's Capital Campaign. Dallas Chase is a member of the Board of Directors for ISHC and has been since the Health Center's transition to a Federally Qualified Health Center in 2006. Her contribution to ISHC was the largest donation from an individual contributor, and has brought ISHC within \$8,250 of the \$188,000 Capital Campaign goal.

Dallas has asked that her generous donation be made to memorialize her parents, Reuben G. and Eunice F. Washburn. Dallas' contribution in the name of her parents will be recognized with a plaque located in the Health Center's newly renovated upstairs patient waiting area.

Since August of 2010, ISHC has requested support for their Capital Campaign through educational community meetings and formal requests targeted to individuals and businesses within their 850 square mile service area. Since its beginning, the Capital Campaign Committee, made up of ISHC Board and staff members as well as community people, has received almost \$180,000 in gifts and pledges. Much of the expansion/renovation project has been completed and has been enthusiastically applauded by our patients, particularly for the enhanced privacy and handicapped accessibility that has been provided. However, there are still significant needs including replacement of windows, improved examination room space, a generator, and an enhanced security and life-safety fire alarm system. With only \$8,250 left to raise, the Health Center is hopeful to reach the targeted goal of \$188,000. ISHC is preparing the final personal and letter requests to bring this campaign to a successful conclusion. ISHC is accepting donations until March 31, 2012.

Anyone interested in learning more about the capital campaign and how to donate may call Jonathan Brown or Shirley Powell at 603-388-2400. For more information about Indian Stream Health Center please call us at 603-237-8336 or visit: www.indianstream.org.
